

A world map illustrating the percentage of the population aged 65 and over in 2019. The map uses a color scale where lighter shades of green represent lower percentages and darker shades of blue represent higher percentages. Numerical values are provided for many countries, indicating the specific percentage of the population aged 65 and over. For example, Japan has the highest percentage at 27.73%, while many countries in Africa and South America have percentages below 1.00%.
